1. Read the passage given below and answer the questions that follow : **1 × 8 = 8**

If you are addicted to coffee, and doctors warn you to quit the habit, don't worry and just keep relishing the beverage, because it's not that bad after all ! In fact, according to a new study, the steaming cup of Java can beat fruits and vegetables as the primary source of antioxidants. Some studies state that coffee is the number one source of antioxidants in American diet, and both caffeinated and decaf versions appear to provide similar antioxidant levels.

Antioxidants in general have been linked to a number of potential health benefits, including protection against heart diseases and cancer, but Vinson, a dietitian, said that their benefits ultimately depend on how they are absorbed and utilized in the body. The research says that coffee outranks popular antioxidant sources like tea, milk, chocolate and cranberries. Of all the foods and beverages studied, dates actually have the most antioxidants based solely on serving size, but since dates are not consumed anywhere near the level of coffee, the drink comes as the top source of antioxidants, Vinson said.

Besides keeping you alert and awake, coffee has been linked to an increasing number of potential health benefits, including protection against liver and colon cancer, type 2 diabetes, and Parkinson's disease, according to some recently published studies.

The researchers, however, advise that one should consume coffee in moderation, because it can make you jittery and cause stomach pains.

Gandhiji As a Fund Raiser

Gandhiji was an incurable and irrestible fund raiser. He found special relish in getting jewellery from women. Ranibala of Burdwan was ten years old. One day she was playing with Gandhiji. He explained to her that her bangles were too heavy for her delicate little wrists. She removed the bangles and gave them away to Gandhiji.

He used to talk jokingly to small girls and created distaste for ornaments and created a desire in them to part with the jewellery for the sake of the poor. He motivated them to donate their jewellery for social usage.

Kasturbai didn't appreciate this habit of Gandhiji. Once she stated calmly, 'You don't wear jewels, it is easy for you to get around the boys. But what about our daughters-in-law. They would surely want them.

"Well !" Gandhiji put in mildly, "our children are young and when they grow up they will not surely choose wives who are fond of wearing jewellery." Kasturbai was very upset with the answer.

Gandhiji was determined to keep the jewels to raise community fund. He was of the opinion that a public worker should accept no costly gifts. He believed that he should not own anything costly, whether given or earned. Kasturbai was a female with desire to adorn. But Gandhiji moved towards renunciation and donated every penny earned in South Africa to the trustees for the service of South African Indians.

2.1 Answer the questions given below : **2 × 4 = 8**
